#### → THE EUROPEAN SPACE AGENCY

# Validation Workshop

# Workshop objectives

#### 2018

- Present Proposals
- Assess scope and coverage
- Collaboration within the ECVT

2021
Connect Validation and Algorithm Development
Validation Approaches and strategies
Broaden International Collaboration also beyond ESA & JAXA validation teams: Other missions: Aeolus CloudSat.

International campaigns	Aerosol Climate Change Initiative	Cloud Climate Change Initiative	Met community	Calipso, CERES ACCP
-------------------------	---	---------------------------------------	------------------	---------------------------

Extensive workshop preparation inputs from the PIs and Algorithm teams available on the ECVT portal

Interactive discussions are the core element of this meeting. Don't hesitate to intervene!

- During the talks please pose your question in the chat, and the co-chairs will bring it up
- During the discussion session, ask for the floor by typing "!" in the chat

**Group screenshot** in the 2<sup>nd</sup> break today at 16:35 CEST: briefly switch on your cameras and we will take screenshots

Virtual Icebreaker at 18:30 CEST offered by TROPOS on **Gathertown**. Detailed instructions and login information will be given by TROPOS at the end of the **Webex** meeting.

Contact email for participants with difficulties: workshop@earthcare.esa.int
